## EXPERIENCE

**ELECTIVE TERM – MAMA LUCY KIBAKI HOSPITAL**  
2021

- I worked in the laboratory department. During this time, I was responsible for drawing blood samples from patients and conducting various laboratory tests, including serology, parasitology, and chemistry analyses. I also performed blood sugar level tests as part of routine diagnostics.
- I worked pharmacy department, I worked in both inpatient and outpatient settings, where my responsibilities included dispensing medications to patients, stocking drugs, taking inventory, and assisting with other pharmaceutical tasks.
- Additionally, I participated in community health initiatives, including a mass vaccination campaign for measles, mumps, and rubella in children. As part of this effort, I also educated parents on the importance of routine child clinic visits and ensuring their children received all necessary vaccines.
